

Manufacturing Insurance

Our manufacturing solutions offer a broad range of coverages for Canadian manufacturers. Our products are tailored to provide combined coverages for liability and property with options that can include business interruption, equipment breakdown, cyber, and terrorism.

TARGET APPETITE

Clothing; food and beverage; fabric and textiles; cosmetics (non-medical); metal products; auto parts (non-critical); China & ceramics; glassware products; electrical products; video and audio products.

WILL CONSIDER

Manufacturing risks including: recycling; chemicals; plastics; wood products; pharmaceuticals; fireworks (property only); tires (property only).

OUTSIDE OF APPETITE

Electrical products (manufactured in China); critical auto parts; medical equipment; railway/aviation products; sporting goods (protective equipment).

PROPERTY CAPACITY

\$5M with higher limits considered.

LIABILITY CAPACITY

\$5M with higher limits considered (umbrella and excess limits also available).

ADDITIONAL COVERAGES

Property; business interruption; equipment breakdown; crime; liability; umbrella; terrorism; cyber.

U/W REQUIREMENTS

Manufacturing application or broker submission.

The Excess Team – About Us

Excess Underwriting is a multidisciplinary MGA that has been meeting the insurance needs and requirements of Canadian businesses and consumers since 2008. Based in Markham, Ontario, our team of underwriting experts has one goal in mind – to help our Canadian Broker Network protect their clients through innovative insurance solutions.
